**REVIVAL ENTREPRENEURSHIP THROUGH SECOND CHANCE**

The project with acronym 2REVIVE is going to support the development of second-chance entrepreneurship attitude and the development of self-

confidence, self-awareness and self-efficacy in second-time entrepreneurs with coaching and mentoring relationships and thus restart their business successfully. Key elements of the project lie in encouraging individuals to learn from their past experience to increase the likelihood of future business success, providing second-chance entrepreneurs a quality

mentorship and a guidance for personal and professional development of both mentors and mentees of the

**PROJECT AIM**

The 2REVIVE project aims at supporting the development of second-chance entrepreneurship attitude and self-confidence, -awareness and -efficacy in second-time entrepreneurs with guiding and mentoring relationships and thus restart their business successfully. Its specific objectives are to encourage individuals to learn from their past experience by providing them with the right tools for understanding reasons behind their failure, their entrepreneurial potential and attitude; to support ex-entrepreneurs in developing their skills and motivation for entrepreneurial activity - practical guide with detailed information on regulations and laws and educational resources for "second chance", instructions and checklists will help them to rebuild a business; to provide successful entrepreneurs, owners of SMEs, VET teachers, trainers and mentors with a step by step mentoring plan and guidelines on how to effectively pass their knowledge to their mentees and to enhance the cooperation and networking of entrepreneurs, enterprises, vocational and education institutions.
